MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Senator Jack Miller (R., Iowa) --
Selective Service Status of [REDACTED]

STATINTL

1. I was able to meet with Senator Miller just before his departure by plane for Colorado Springs where he was giving a Lincoln Day address. In consequence, our meeting was very short. The Senator advised that he was familiar with the transactions and communications with [REDACTED] Local Board and the State Board. He also indicated he understands the Agency's policies of not appealing to General Hershey's office in a case where there has been a unanimous vote on the appeal to deny further extension of a draft deferment. In a word, Senator Miller posed the question whether the Agency would support [REDACTED] request for extension if he (Senator Miller) raised the question with General Hershey's office. It is Senator Miller's belief that this is a type of case that General Hershey's office would take cognizance of even if there had been a unanimous decision at the State level. I advised the Senator that I would relay his request and be back in touch with him after his return to the city on Friday.

2. The tone of the conversation was quite different from what had been expected from the information provided prior to meeting with Senator Miller. Rather than desiring a request from the Agency for him to proceed on the Agency's behalf, he appeared to be prepared to go ahead on his own as long as he can be assured that the Agency will respond favorably on [REDACTED] behalf if approached by General Hershey's people on the subject.
